Please note that the language used in your exam paper must correspond to the language of the title for which you registered during exam registration. I.e. if you registered for the English title of the course, you must write your exam paper in English. Likewise, if you registered for the Danish title of the course or if you registered for the English title which was followed by “eksamen på dansk” in brackets, you must write your exam paper in Danish.

This exam question consists of 2 pages in total

Answers are wanted for both questions.

A.

Present arguments for and against the need of governance of the Internet. What are the main challenges? How can the Internet be governed on a worldwide scale and eventually regulated in the single countries or regions (EU, US, Russia, Asia etc.)?

B.

Present the elements and considerations that need to be taken into account, if you want to make a business plan for a big investment project in FTTH (Fibre-to-the Home) for an area.

NB. Relevant for both questions for the answers written in Danish: English terms for the different concepts are accepted.
